Siddharth Nagar, Uttar Pradesh

Summary

A driven B.Tech CSE student with great skills in web development, Java, and Python. I have built projects like an e-commerce platform using Java and Maven, with a focus on Frontend development. Looking for chances to use my technical and problem-solving skills in software development and AI-powered solutions.

Education

Galgotias University

Oct'23 – April '27

B.Tech in Computer Science Engineering | CGPA: 7.9/10

Rais Ahmed Inter College

April 2023

Percentage: 73.2%

Rais Ahmed Inter College

April 2021

Class Percentage: 89%

Technical Skills

Languages: Java, Python, JavaScript

Frontend: React.js, HTML, CSS, Tailwind CSS

Backend & Databases: Node.js, MongoDB, MySQL

Tools & Platforms: Git/GitHub, VS Code

Soft Skills: Teamwork, Communication, Problem-Solving, Leadership

Projects

Customer Churn Prediction System | *Python, Pandas, NumPy, Scikit-learn*

- Built a machine learning model to predict customer churn using historical data
- Performed data preprocessing, feature selection, and model training
- Achieved accurate predictions to help identify potential churn customers

TaxPal- Finance Management Web App | *MERN Stack*

- Developed a responsive web application for expense tracking, budgeting, and tax calculation
- Built interactive **UI** using **React.js** with reusable components
- Integrated backend **APIs** for seamless data handling
- Improved user experience with clean and intuitive design

Internships

Infosys Springboard 6.0

Oct 2025 – Dec2025

TaxPal– Finance Management Web App(MERN Project)

- Developed responsive UI using React.js for a finance management web app
- Implemented features like expense tracking, budgeting, and tax calculation
- Integrated APIs and improved user experience with clean, reusable component.

Certifications

Angular web Developer – Infosys Springboard

June 2025
